

Joining forces to
protect and support
children & families.

THE ALLIES IN PREVENTION COALITION

ALLIES IN PREVENTION
COALITION

An initiative of SCAN of Northern Virginia

Together, we can do more.

The Allies in Prevention Coalition, an initiative of SCAN of Northern Virginia, engages child and family welfare advocates in communicating regional messages to prevent child abuse and promote children's well-being in Northern Virginia. The Coalition seeks to increase community and individual involvement to prevent family violence by sharing best practices; combining resources; and collaborating on effective public education messages about positive parenting and child abuse prevention. It offers members:

PUBLIC EDUCATION RESOURCES

The coalition develops original public education materials for members to distribute in their communities, as well as an online resource center. Consistent messaging among members strengthens the effect of outreach on a region-wide level.

QUARTERLY LUNCH MEETINGS

These gatherings provide regular opportunities for members to discuss current issues and challenges, explore regional messages about child abuse prevention, share resources and network.

ANNUAL ALLIES IN PREVENTION AWARDS

This special event recognizes the often unsung heroes who are making a difference every day for children and families across Northern Virginia. It also serves as the kick-off for the annual Northern Virginia Child Abuse Prevention Campaign, facilitated by SCAN and the Coalition every April for National Child Abuse Prevention Month.
