

BUILDING BRIDGES, BREAKING BARRIERS

WISH LIST

TOILETRY DRIVE DONATIONS MUST BE NEW
AND FULL-SIZED TOILETRY ITEMS.

WE ARE ASKING FOR DONATIONS OF:

The Alexandria/Arlington CASA Program, a program of SCAN of Northern Virginia, along with the Arlington County Department of Human Service, will be hosting our first annual **Arlington Youth in Transition Conference** on April 26, 2019 at the Arlington DHS offices. This year's event, "Building Bridges and Breaking Barriers", is an all-day conference for foster youth age 14-21 that provides attendees with an opportunity to learn about their rights and responsibilities as they become adults and age out of foster care. The adolescents in attendance will learn about higher education possibilities, housing options, medical care and employment opportunities. We need help to provide these youth with the access to the necessities and the everyday items we take for granted.

All donations must be coordinated with SCAN.

We recommend coordinating a drive at your workplace, faith group, or community organization!
